**Congratulations to the Columbus Chapter of the National Stuttering Association!**

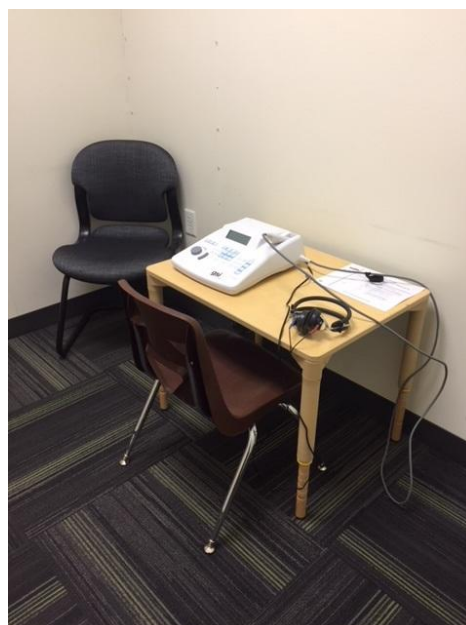

Congratulations to the Columbus Chapter of the National Stuttering Association for welcoming new co-leader Lauren Polster (alongside Anna Lichtenstein)! Both of these leaders are proud SLPs at Columbus Speech & Hearing Center. The support group is geared towards adults who stutter, family members of people who stutter, and SLPs with a special interest (ages 18 and older). The Columbus Chapter of the NSA fosters a safe, respectful, and supportive environment to hear stories and help members gain perspective about the quality of life of people who stutter and their loved ones. At the June meeting the chapter had guest speaker, Tom Scharstein, who is currently on the NSA Board of Directors and is the Adult Programs Chair. It was fabulous!

### **Thank you American Electric Power Foundation**

Thank you to American Electric Power Foundation for allowing us to purchase new audiometers for the expansion of our Early Identification: Speech Language & Hearing Screening Initiative. Our new audiometers will allow us to screen the hearing of many more children both in our clinic and out in the community at local preschools and daycare centers. Early identification is key to the long-term success of children in our community. Thank you for your support!
