Client Spotlight: Aubré Batiste

When Aubré Batiste was a young mother working at a
call center, she began experiencing pain in her ear.
Aubré bounced from doctor to doctor for eight years,
trying to figure out what was wrong and how she could
find some relief. "I was depressed and felt hopeless,"
says Aubré. She eventually learned she had damage to
her ear and was sent to Columbus Speech & Hearing
(CSH) to be evaluated.
