CSH at the State House in Support of SSP Services

Last month Columbus Speech & Hearing joined the Hellen Keller National Center, Ohio Associate for the DeafBlind, and local representatives of the DeafBlind community at the Statehouse. CSH proudly joined this advocacy initiative to fund a statewide Support Service Provider (SSP) Pilot Program. The pilot program would provide vital services for those who are DeafBlind. An SSP is a specially trained individual who enables people who are DeafBlind to access their environments and make informed decisions by providing them with visual and environmental information, human guide services, and communication facilitation.
