State of Ohio Approves Funding for Support Service Provider Pilot Program

We are thrilled to share that the Support Service Provider Pilot Program has received funding approval from the state of Ohio. This program is a major step towards promoting inclusivity and accessibility for DeafBlind individuals. It is our privilege to oversee this initiative, which caters to the needs of DeafBlind adults across Ohio.

SSPs are trained professionals providing navigation assistance and facilitating communication for DeafBlind individuals. They serve as a bridge between the individual and the world around them.

To learn more about this remarkable program, please visit our website.

Halloween is an experience that

As children develop, so does their speech! It takes time for all speech sounds to be produced correctly, so it's normal for some sounds to not be produced correctly in young children. But when should we expect sounds to develop?

How to Discuss Hearing Loss with a Loved One

Having a conversation with loved ones about their potential hearing impairment might be awkward and potentially confrontational. Many people experience a decline in their hearing over time and may not realize its impact on their relationships. Visit our website for helpful tips on making this potentially challenging conversation easier.
